Request for Proposal

The Town of Silver Creek is requesting proposals for a land clearing project on Town property. This property lies between Lake County Highway 3 on the East and the Town Road on the North and West and contains the Silver Creek Cemetery. Contact the Silver Creek Office at: 218-834-5255 or email katieanderson@ttosc.org for a map, site visit, questions, etc.

1. Within the wooded area, remove or chip to uniform size, all trees, brush and woody debris, except those marked. If chipping material, all chips shall be uniformly spread across the site to be cleared. All stumps and any downfall and debris are required to be mulched down to the ground level. The result would be an area that can be mowed in the future using a skid steer with a mounted mower.
2. Within the Silver Creek Cemetery, remove only marked trees. Some are large white pines within the burial area, and some are smaller such as spruce etc. around the perimeter.
3. Removal and disposal of these trees and repair of any damage to the cemetery is to be included in the project.

Please email or drop off written proposal on company letterhead by October 13th 2026. Include the following:

1. Bid price for completion of overall project.
2. Description of how this work will be completed including the equipment types to be used.
3. A vision of how this work will appear when completed.
4. Example and photos of a project you've completed in the past.

The proposal will be judged, not only on the bid price, but also the understanding of scop of project and final outcome.

The Town does not have an area to put this removed material. If electing to remove material from the site, the contractor will bear any and all costs for same.

Upon acceptance by the Boad of Supervisors, the contractor shall enter into the standard written contract for providing services to the Town of Silver Creek. The Town requires W-9, IC-134 Contractor Withholding Affidavit; and Certificate of liability Insurance.
